IN THE SPECIFICATION:

Please replace paragraph [0018] with the following amended paragraph:

[0018] The <u>spectral</u> bandwidth of the optical feature of interest in the optical element 72 is significantly greater than <u>the rate of that of those induced by the change</u> of the polarization [[of]] in the polarization changing device 28. That is, the polarization changing device 28 <u>changing changes</u> polarity <u>slowly quickly</u>: [[Such]] <u>such</u> a [[slow]] quick change corresponds to a narrow <u>spectral bandwidth</u>.
